The Rearguard of the Revolution.

To the Chron. &c.
Before our Civil War, these were in the United States, three distinct systems of Female Education, if I may thus use the word "system." Blood, Anglo-Saxon, Creed, Puritan, Independence, purpose that girls, might make money, be self supporting, and independent. Result, women, dissatisfied with their lot, much cause for advocates of 'Woman's Right.' Many old maids and among men, gradual depreciation in physique and in numbers and in spirit, except the spirit of getting money.

Second, Anglo-Norman, Creed, Episcopalian. Elegance in manners and all the accomplishments which adorn society. Result, seen to-day, every where, in elegant women, tho' in poverty, men chivalrous ambitious for rank in the Army and Navy and general leadership.

Third, In Tennessee. Blood, Scotch-Irish, Creed, John Knox Presbyterianism. Suppose, that girls might become wives and mothers and teach their offspring. Result. Women satisfied with their lot, men patriotic and ever so ready for war as to cause their State to be called the "Volunteer State."

I have kept this caption, "The Rear Guard of the Revolution," at the head of these brief articles, because, this is, a sprightly and interesting book, but like Putnam's Middle Tennessee, the best we have in some respects he seems to think, that we of Tennessee and his brother of New England, are one and the same people, in Blood and Creed: and hence, both Books, said to satisfy all true and intelligent Tennesseans. At Appomatax, April 1865, the personalities of our Tennessee in Peace and in War, in Politics and Piety in Schools and Churches, in Religion and Education, all ended, its facts were all accomplished, a new civilization was introduced by "Military Might," which now reigns in our cities, influences our legislation, I will make up the history of this Tennessee in the future.

The grandeur of the purposes of the soul, with which the daughters of old Tennessee met their misfortunes and set themselves as wives and mothers to rebuild their homes; the fortitude and manliness, with which Confederate soldiers defeated on the battle-field, turned to all the ways and works of peace will be heard in the future only as "Echos" of the past. The conduct of these Confederate men and women since the war these "Echos" are the last. The "crowning glory," of this Scotch-Irish, Ante-Bellum civilization of Tennessee.

If I were a painter, a poet, or an author, these "Echos" and how rich these themes, in all thoughts and sentiments, which quicken the mind and move the heart of men, should engage pen and pencil as long as I might live.

Fortunately, we have the census of the United States, for 1860, the Supreme Arbitrator among these States, placing Tennessee in schools and all other factors of a christian civilization reachable by figures before Massachusetts and of course before all other States of this Union.

The Effects of Mental Exhaustion.

Many diseases, especially those of the nervous system, are the products of daily renewed mental exhaustion. Business avocations often involve an amount of mental wear and tear very prejudicial to physical health, and the professions, if ardently pursued, are no less destructive to brain and nerve tissue. It is one of the most important attributes of Hostetter's Stomach Bitters, and it compensates for this undue loss of tissue, and that it imparts new energy to the brain and nerves. The rapidity with which it renews weakened mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides increasing the vital stamina, and counteracting the effects of mental exhaustion, this potential medicine cures and prevents fever and ague, rheumatism, chronic dyspepsia and constipation, kidney and uterine weakness and other complaints. Physicians also recommend it as a medicated stimulant and remedy.

Our Millionaires

Do not find all their investments golden, by any means. But an investment in Dr. Price's "Golden Medical Discovery" is certain to prove a good one. It cures coughs, consumption, bronchitis, side-headache, skin disease, dyspepsia, costiveness, scrofulous diseases, chills and fever, and dumbague. It reaches the blood, and through it the whole system. Agreeable to take, permanent in its results. By druggists.

The Best Method.

The most agreeable as well as the most effective method of dispelling Headaches, Colds and Fevers or cleansing the system is by taking a few doses of the pleasant California liquid fruit remedy, Syrup of Figs. It acts gently yet effectively, strengthening the organs on which it acts, so that regular habits may be formed. Manufactured only by the California Fig Syrup Co., San Francisco Cal. For sale in 50 cent and \$1 bottles by all leading druggists. April 9-4t.

After Twenty-Five year.

CORINTH, MISS., Jan. 15, 1887.

Ever since I came out of the war, up to two year ago, I had the catarrh. At times the disease was very offensive. I tried all the doctors that I could see, and nearly every catarrh medicine that I saw advertised; but I got no permanent relief until two years ago, when I began taking S. S. S. I felt immediate benefit from the medicine, and after taking six bottles I felt like a new man. When I began using the medicine I was in a very bad condition; my digestion was poor, I had rheumatic pains in my knees, and my feet were always cold. These unpleasant conditions were remedied at once by Swift's Specific.

I ceased using the medicine after the six bottles, because I felt so well that I thought I was entirely cured. This past fall, however, I had a relapse—evidently I had stopped taking S. S. S. too soon. So I at once began with the medicine, and am happy to tell you that I am very much improved, my general health being excellent, and the catarrh rapidly disappearing.

I have great faith in S. S. S. for catarrh and blood impurities, and I recommend it to all my neighbors who are sick.

Yours
C. C. Key.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this Great Discovery for Consumption free at Owen & Moore's.

The Public Interested.

When manufacturers of an article are asking the public to consume their wares, it is indeed refreshing to know that they are reliably endorsed, as illustrated by the united endorsements of Dr. Harter's Iron Tonic and Liver Pills by the druggist of St. Paul.
